Our *Mission*

Our mission is to provide a safe, loving, Christian environment for children needing long-term support apart from their families, where each child is given the opportunity to reach their full potential in their personal, emotional, and spiritual life.

Our *Focus*

We are committed to delivering on our mission statement, every day focusing on rebuilding broken foundations through efficient delivery of our program. We are dedicated to showing the children in our care a path to a brighter future by fostering a strong and meaningful relationship with God.

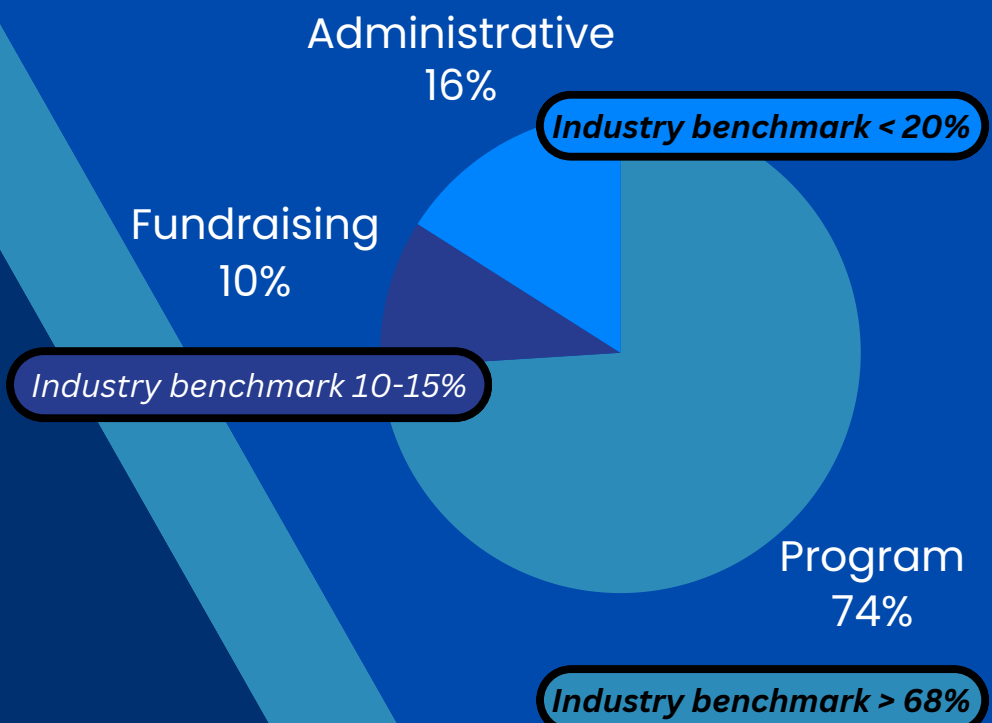

Our Stewardship

Calvary is completely funded by the support of our friends and community. For 57 years, Calvary has operated debt-free and without federal, state, or local government support.

We operate under the principal of biblical stewardship. Our goal is to maximize the impact of every dollar entrusted to Calvary through diligent cost management and expense control.

Calvary *exceeds* non-profit industry standards in functional expense management, while operating *debt-free* and *without* government support. This allows us to have complete autonomy over our program and services we provide to the children in our care.
